Director: George Coupland

Reproductive Development and the Evolution of Perennial Life History
George Coupland

Plant Population Genetics and Adaptation Genomics
Andrea Fulgione

Quantitative Approaches to Multicellular Dynamics in Plant Development
Pau Formosa-Jordan

Epigenetic Regulation of Plant Development
Franziska Turck

Department of Plant-Microbe Interactions

Director: Paul Schulze-Lefert

Integrative Bioinformatics
Ruben Garrido-Oter

Multitrophic Plant-Microbe Interactions
Stephan Hacquard

Resistance Pathway Dynamics in Plant Immunity
Jane Parker

Innate Immunity and the Plant Microbiota
Paul Schulze-Lefert

Department of Chromosome Biology

Director: Raphael Mercier

Evolution of Meiosis
Andre Marques

Molecular Mechanisms of Meiosis
Raphael Mercier

Genomics of Extreme Adaptation in Polyploids
Polina Novikova

Genome Plasticity and Computational Genetics
Korbinian Schneeberger

Meiosis in Crops
Charles Underwood

Department of Comparative Development and Genetics

Director: Miltos Tsiantis

Plant Development and Genetics
Miltos Tsiantis

Group Leader
(recruitment ongoing)

MPG Partner Group
Adam Runions, University of Calgary

Independent Research Groups

Root Communication with the Environment
Tonni Grube Andersen

Molecular Basis of Adaptive Evolution
Angela Hancock

Genetic Basis for Phenotypic Evolution
Angela Hay
(affiliated with the Department of Comparative Development and Genetics)

Basic Immune System of Plants
Hirofumi Nakagami

Transport Processes in Crop Plants
Wolf Frommer

FIND-CIS Group MPIPZ
Thomas Hartwig

Scientific Service Groups

Max Planck Genome Centre Cologne
Bruno Hüttl

Central Microscopy (CeMic)
Ton Timmers

Protein Mass Spectrometry Service
Hirofumi Nakagami

Training

PhD Office
