

MPG SSO - Selection of your institution

Choose your institution

MPI for Plant Breeding Research

English

Please select the MPI or institution you're affiliated with in the dropdown menu. You will then be redirected to the login page of your institution. There you can log in with the login data from your institution.

If your MPI or institution is not listed in the selection, please choose "Other Users". This way, all persons working for the Max Planck Society can log in using their personnel number or email address in combination with the "MPG service password", regardless of their institutional affiliation.

If you have been invited as an external user to a team room of the Max Planck Society, please select the entry "Collaboration Partners".

For further support please contact the central helpdesk via email: it-helpdesk@gv.mpg.de or phone: +49 89 2108 2222

Choose 'MPI for Plant Breeding Research' from this list and press 'Next'
